CSC365 — HCI and Computer Graphics

Semester Project — Student Self-Evaluation Form

Instructions: Complete this form BEFORE coming for evaluation and bring a printed copy. For every criterion, tick the box that best reflects your project and write the exact location in the project (screen name, module, file, or feature) where it can be demonstrated. The evaluator will verify each claim live during the presentation and complete the right-hand column. Leave a criterion blank only if it genuinely does not apply to your project.

Student Name	
Registration No.	
Section / Semester	
Project Title	
Group Members (if any)	
Date of Evaluation / Panel	

Part A Interaction Design Principles (Unit 1)

#	Criterion	Implemented?	Exact reference in project (screen / module / file / feature)	For evaluator use
1	Good design principles applied e.g., visibility, feedback, constraints, consistency, affordance, mapping	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
2	Universal Design principles considered e.g., equitable use, flexibility, perceptible information, tolerance for error	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
3	PACT Analysis conducted People, Activities, Context, Technology	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
4	Usability goals addressed effectiveness, efficiency, safety, learnability, memorability	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
5	UX goals addressed satisfaction, enjoyment, aesthetics, motivation	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
6	Conceptual model / interface metaphor defined for the system	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>

Part B Data Gathering (Unit 2)

#	Criterion	Implemented?	Exact reference in project (screen / module / file / feature)	For evaluator use
1	Data-gathering technique(s) used specify: survey / interview / observation / focus group / diary study	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
2	Quantitative and/or qualitative data collected and analyzed	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>

Part C Human-Centered Design Process (Unit 3)

#	Criterion	Implemented?	Exact reference in project (screen / module / file / feature)	For evaluator use
1	User personas developed	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
2	Scenarios / user stories written	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
3	Task analysis performed	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
4	Prototypes created before development low-fidelity and/or high-fidelity	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
5	Elements of visual design applied alignment, contrast, hierarchy, balance, typography, colour	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
6	Established UI design standards / guidelines followed e.g., Material Design, Apple HIG	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
7	Recognized design patterns used e.g., navigation, form, card patterns	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>

#	Criterion	Implemented?	Exact reference in project (screen / module / file / feature)	For evaluator use
8	Data visualization elements included charts, graphs, dashboards	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>

Part D Heuristic / Usability Evaluation (Unit 4)

Apply Nielsen's 10 usability heuristics to your OWN project (not a generic definition). For each heuristic, state where it is satisfied — or where it is deliberately violated and why.

#	Criterion	Implemented?	Exact reference in project (screen / module / file / feature)	For evaluator use
1	1. Visibility of system status	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
2	2. Match between system and the real world	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
3	3. User control and freedom	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
4	4. Consistency and standards	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
5	5. Error prevention	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
6	6. Recognition rather than recall	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
7	7. Flexibility and efficiency of use	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
8	8. Aesthetic and minimalist design	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>

#	Criterion	Implemented?	Exact reference in project (screen / module / file / feature)	For evaluator use
9	9. Help users recognize, diagnose, and recover from errors	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
10	10. Help and documentation	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>

#	Criterion	Implemented?	Exact reference in project (screen / module / file / feature)	For evaluator use
1	Cognitive walkthrough performed	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
2	Formative usability testing with real users conducted	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
3	Analytics / A-B testing used	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>

Part E Cognitive, Social & Emotional Aspects (Unit 5)

Complete if applicable to your project.

#	Criterion	Implemented?	Exact reference in project (screen / module / file / feature)	For evaluator use
1	Cognitive load (memory / attention) considered in the design	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
2	Emotional design / affective elements incorporated	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
3	Persuasive technology / behaviour-change elements used	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
4	Anthropomorphism used e.g., chatbot or assistant persona	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>

Part F Interaction Technologies (Unit 6)

Complete only if your project uses any of the technologies below.

#	Criterion	Implemented?	Exact reference in project (screen / module / file / feature)	For evaluator use
1	Touch / multi-touch interaction	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
2	Speech recognition / natural language processing	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
3	Augmented Reality / Virtual Reality	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>
4	Other emerging interaction technology specify in reference column	☐ Yes ☐ Partial ☐ No		☐ Verified ☐ Not shown <i>Remarks:</i>

Part G Self-Reflection

1. What was the biggest usability challenge in this project, and how did you address it?

2. If you had two more weeks, what would you improve first, and why?

Part H Declaration

I hereby declare that the self-assessment above is accurate to the best of my knowledge and that every feature referenced can be demonstrated live during evaluation.

Student Signature

Part I For Evaluator Use Only

Criteria genuinely implemented	Criteria claimed but not shown	Overall marks / grade

Evaluator remarks:

Evaluator Name & Signature: _____ Date: _____
